Proudly Honoring

Dr. David Bernstein

David E. Bernstein, MD is the Head of the Liver Sub-Specialty Service Line, Vice Chair of Clinical Trials, Chief, Division of Hepatology, and Director of the Sandra Atlas Bass Center for Liver Disease for the Northwell Health System. He is a Professor of Medicine and Educational Science at the Zucker School of Medicine at Hofstra/Northwell. His main research interest has been in field of liver diseases, with most of his work concentrated on developing new treatments for chronic hepatitis C, primary biliary cirrhosis and fatty liver disease.

Dr. Bernstein has been involved in shaping public policy and education regarding liver diseases. He serves as a special consultant to the New York State Department of Health and in that role has helped develop and implement New York State's 5-year Strategic Plan for Viral Hepatitis as well as lead the group developing guidelines to be used for the treatment of hepatitis C in New York State. He regularly leads telemedicine conferences for public health providers, prison health providers and federally qualified health care centers to educate these providers and has made himself available as a special consultant to these centers for individual cases questions.

Dr Bernstein lives in Roslyn
